## DETERMINING THE SUITABILITY OF THE COURSE FOR THE APPLICANT

It is in the best interests of both the RTO and the applicant that the course is suitable for the applicant, so prior to offering a place to the applicant the RTO will assess the applicant's suitability.

In determining the suitability, the RTO will consider the following:

- That the applicant clearly understands the requirements of the course including time and effort required
- The implication of practical requirements including work placement, if any, are understood by the applicant

- Applicant's previous work experience and knowledge, particularly in relation to the course
- Applicant's aspirations and likely benefits in undertaking the course.

The applicant may be required to attend an interview and or complete an English language placement test before their course start date.

Student administration will refer any issues or concern to the Training Manager. The Training Manager will contact the applicant and assess their ability and send the decision to student administration.

- For successful applicants, student administration will issue the Letter of Offer and Acceptance of Agreement to the prospective student who met the course entry requirements or approved by the Training Manager which should include:

  - the learner's rights, including:
    - details of the RTO's complaints and appeals process, and
    - if the RTO, or a third-party delivering training and assessment on its behalf, closes or ceases to deliver any part of the training product that the learner is enrolled in

    - fees that must be paid to the RTO, and
    - payment terms and conditions including deposits and refunds
  - the learner's right to obtain a refund for services not provided by the RTO in the event the:
    - arrangement is terminated early, or
    - the RTO fails to provide the agreed services.
  - Where there are any changes to agreed services, the RTO advises the learner as soon as practicable, including in relation to any new third-party arrangements or a change in ownership or changes to existing third-party arrangements.
- For those that are assessed as not being suitable, student administration will issue a rejection letter explaining the reasons for the rejection to the applicant as to how they did not meet the course entry requirements.

## CONFIRMATION OF ENROLMENT

ACE will confirm the enrolment and issue a Confirmation of Enrolment (CoE) to the prospective student when all the following conditions have been met:

- The prospective student accepts the Letter of Offer and returns the signed Acceptance of Agreement to the RTO.
- The prospective student has provided the necessary evidence to satisfactorily meet any conditions specified in the Letter of Offer.
- The prospective student has paid the minimum course fee as indicated on the Letter of Offer.

- A student who enrolled with other RTO in a different course may be enrolled as “concurrent” with the condition of obtaining “Statutory Declaration & Timetable” from the student to maintain satisfactory course progress and attendance. Student administration will collect the statutory declaration & their timetable from the student before they start their course with ACE.

## ORIENTATION

Courses commence with an orientation program, which all students are required to attend. Timetables, including campus location and room allocation and course structure information are provided to new students at the orientation. The orientation program is designed to introduce students to the key personnel and familiarise them with the premises and procedures as well as to welcome them.

Topics covered at the orientation include, but are not limited to:

- Student support services
- Emergency and health services
- Student security and safety
- Facilities and resources
- Student code of conduct
- Complaints and appeals processes
- Students fees and payments
- RPL options specific to the course
- USI Requirement

As an ongoing enrolment for monthly intakes, VET students may enrol in the mid of the current unit and given time to complete the unit in the next cycle.

ELICOS students may enrol in the current unit and completes the remaining units as per the cycle.

## UNIQUE STUDENT IDENTIFIER (USI)

The RTO will request the Student Identifier from an applicant during the orientation to sign up and get their Identifier. Where a student is unable to apply then exceptionally the College will apply on behalf of the student, but to do so they will have to complete a request form that contains the relevant privacy clauses available on the USI website.

Students will NOT be allowed to attend the second week of class if they have not provided their identifier unless the exemptions applied under the student identifier Act 2014, so that at the end of the course, the student will be to receive a Certificate or Statement of Attainment as appropriate.

If a student exempted from having a student identifier, then the results of the training will not be accessible through the commonwealth and will not appear on any authenticated VET transcript prepared by the registrar.

Any evidence of identity collected for this purpose will be destroyed once a USI has been obtained unless it is specifically required for another purpose.

## STUDENT IDENTIFIER VERIFICATION

Where a student has provided a Student Identifier, ACE via Wisenet (Student Management System) will verify the Identifier is correct. If so, it will be flagged as Verified. On completion or withdrawal, a student will (assuming all other criteria are met) be eligible to receive a Certificate or Statement of Attainment.

If the verification fails, then ACE will investigate (with the assistance of the student) to discover why. Once issues are identified and corrected, verification is repeated. The most common cause is that the spellings of names do not match those on the student identification material used at initial registration.

In accordance with section 11 of the Student Identifiers Act 2014 Cth (SI Act), ACE will securely destroy personal information which is collected from the student for the purpose of applying for a USI on their behalf as soon as practicable after the USI application has been made or the information is no longer needed for that purpose, unless ACE is required under any law to retain it.

The personal information that ACE provides to the Registrar, including their identity information, is protected by the Privacy Act 1988 Cth (Privacy Act). The Collection Use and Disclosure of your USI is protected by the SI Act.
